

We invite you to attend a public Seminar by
Dr Krishna Singh
at the University of Technology Sydney, NSW

Talk Title:

Developments and Directions in Service Science

Speaker:

Dr Krishna Singh

President of Services Research and Innovation Institute (SRII) and Program Director, Services Science Research, IBM USA

Bio for Dr Krishna Singh:

Kris Singh is the President of SRII (www.thesrii.org) and the Strategic Programs Director for IBM Service Research at IBM Almaden Research Center in San Jose, CA. Kris has over 25 years of experience in the high technology industry as well as in academia. Before IBM Research, he has worked with Intel, AMD and National Semiconductor in various technology development roles such as Director of Server Architecture & Planning and Data Center Technology at Intel, Director in the CTO Office at AMD and senior technical management roles at National Semiconductor.

Kris is an Industry Fellow in the College of Engineering at UC Berkeley, CA and has also been an adjunct professor in the Electrical Engineering & Computer Science department at Santa Clara University, CA. He is a member of the Advisory Board at major universities globally. Kris has been an invited speaker at various technology conferences around the world.

Date: **Wednesday, 3rd November 2010**

Time: **3:30pm—5:00pm**
